

Welcome members to FQHYA 2017,

For those of you who do not know me, I am Alexis Hart. Most of you may know me as Lexi. I show in the hunter events as well as the under saddle and equation. I am your president for the 2017 show year and would like to share a few goals I have for this year.

Taking on presidency this year I have many goals. I would like our members to become more involved as a team. I hope that our members work together throughout the year enabling us to have a great youth world experience. If anyone is interested in being on the world show committee and being involved with decorations, shirt designs or etc. feel free to contact me.

Additionally, I hope that FQHYA can step up their fundraising. I want to establish that in order to have reward there must be work. I hope to see all youth members religiously volunteering and fundraising throughout the year. I would like to plan an FQHYA member retreat and in order to do this fundraising expectations have to be met. I am always open to ideas and criticism.

As our year progresses, I hope to see positive changes within our association. To our new members, I always suggest to become involved. FQHYA has much to offer. I hope we have a great year and experiences. As I previously stated, I am always open to any ideas and criticism so feel free to contact me with anything. Happy showing!

Sincerely,

Alexis Hart

2017 FQHYA President
